## Courthouse Steps

This scrappy quilt was the Project Linus UK theme for the 2020 Festival of Quilts. It uses up those leftover $21 / 2^{\prime \prime}$ strips - or it can be made with a purchased jelly roll.

Blocks size: $121 / 2^{\prime \prime}$ square unfinished
Finished Quilt size: $36^{\prime \prime} \times 36^{\prime \prime}$ ( $3 \times 3$ blocks)

- Alternate the direction of each block when joining blocks together in rows, to sew the seamed side of each block to the straight side of the next.
- A border can be added to increase the size, or add more blocks for a quilt to give to a teenager.
