2000 – 2025

Congratulations to all our Co-ordinators and Volunteers in this, our
Silver Anniversary year.

What an amazing organisation we belong to. In 25 years it has grown from its beginnings in Birmingham to involve the whole of the UK and Channel Islands. We now have 160 Co-ordinators and thousands of volunteers working to make quilts and blankets to distribute to 'children in need of a hug' in their local area. We could not do this without your dedication and offer our thanks to you all, past and present.

Huge thanks also go to our founding President, Ann Salisbury-Jones and to her successors: Ann Fordham, Irene Heathcote and Lyn Antill. These Presidents ran PLUK without any secretarial help and gradually built up a large network of Area Co-ordinators.

In 2015 Lyn Antill was instrumental in setting PLUK up as a Community Interest Company and from that time the organisation has been run by a Head Office team of three Directors supported by a Treasurer and other volunteers.

Our hope for the future is that Project Linus UK will continue to flourish to enable comfort to be given to the children who value the gift of a hug.
